Objectives

The workshop on case study aims to answer questions that generally confound our understanding and usage of case method as well as and development of case studies. Specifically, these include the following -

- What is the case? Are cases functional? Are cases only about problems?
- What is the right length of a case?
- How to deliver a topic using a case? How to analyse a case? How to conclude a case discussion?
- How to develop a case?
- How to prepare a teaching note?
- Discuss leading authored HBR/Ivey Cases by Resource Faculty

Who should attend?

Workshop will be extremely beneficial for Faculty, Corporate ,Trainers, Research Scholars and others who are keen to develop their case writing and teaching skills in management discipline.

3 Days Faculty Development Programme

(In association with IBM)

Leveraging Analytics
for Strategic Business
Management

12-14th November, 2024

2:30 to 5:30 pm

Mode: Online

OBJECTIVE:

The primary objective of this FDP is to equip faculty members with advanced knowledge and skills in utilizing analytics for strategic decision-making and business management. By exploring the application of analytics in various business functions, we aim to empower faculty to integrate data-driven insights into their teaching and research.

PROGRAM OVERVIEW:

Day 1: Fundamentals of Analytics

12-Nov-2024

- ✓ Introduction to Analytics: Importance and Applications
- ✓ Basic Statistical Concepts and Data Analysis Techniques using Jamovi
- ✓ Hands on project development on data set through cases through IBM Cognos Analytics

Day 2: Data Visualization and Interpretation

13-Nov-2024

- ✓ Principles of effective data visualization.
- ✓ Tools for data visualization: Tableau, Power BI, etc.
- ✓ Practical exercise: Creating interactive dashboards and interpreting insights using PowerBI

Day 3: Advanced Analytics Techniques

14-Nov-2024

- ✓ Introduction to Analytics: Importance and Applications
- ✓ Introduction to regression analysis: Simple and multiple regression models using ORANGE DATA MINING
- ✓ Certifications : IBM (2)

TARGET AUDIENCE:

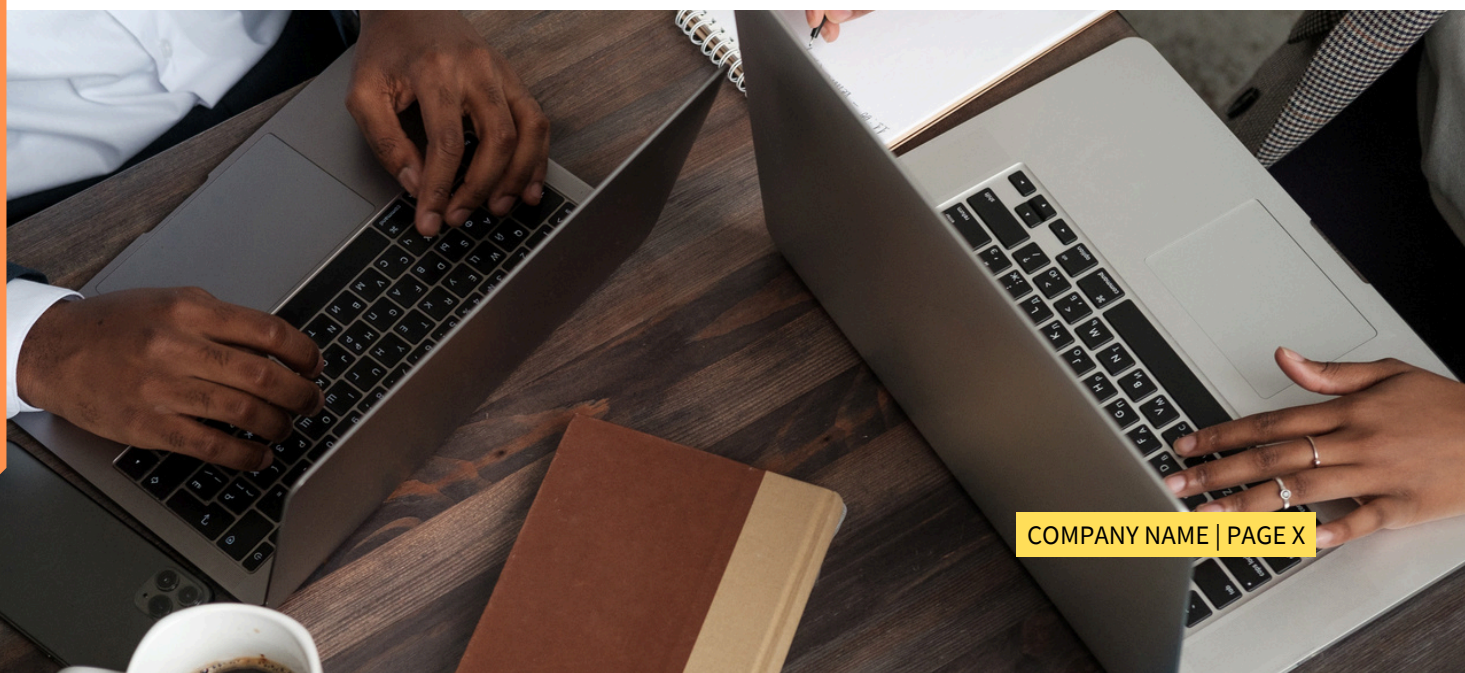

◆ This FDP is tailored for faculty members across disciplines who are involved in teaching or interested in integrating analytics into their courses. Participants will gain practical insights and resources to enhance their teaching effectiveness and student engagement.

DELIVERY METHOD:

◆ The program will be delivered online through a combination of hands-on workshops, case studies, and interactive sessions. Experienced faculty members and industry experts from IBM will facilitate the sessions, ensuring a blend of theoretical knowledge and practical application. Access to IBM tools /software will be provided, and 2 global IBM certifications will be provided in the present workshop.

BENEFITS:

- ◆ IBM certification (2) inclusive
- ◆ Access to IBM tools
- ◆ Foster innovative teaching practices and curriculum development.
- ◆ Improve student learning outcomes through effective pedagogical techniques.
- ◆ Establish a network for ongoing collaboration and knowledge sharing among faculty members.

Implementation Plan:

Pre-Workshop Preparation: Participants will receive pre-workshop reading materials and assignments to familiarize themselves with basic concepts.

Workshop Delivery: Three days of 3 hours each ($3 \times 3 = 9$ hours) of interactive sessions, workshops, and practical exercises.

Post-Workshop Follow-up: Continued support and resources, including access to recorded sessions, further readings, and mentoring for implementing new techniques in courses.

Fees FDP- Rs 750

(The above is inclusive of the IBM software and IBM certification)
