## Report on " Dog Collaring Drive "

Event Category : NSS  
Topic : Dog Collaring Drive  
Date : 28 April 2024  
Faculty Coordinator : Dr. Preeti Singh & Mr. Kartik Dayal  
Number of Student Volunteers : 06

### Objective

The primary objective of the dog collaring drive was to enhance the safety and well-being of dogs within the community by providing them with reflector collars. These collars serve as a preventive measure against accidents, especially during low-light conditions, and help in reducing the instances of stray dogs getting lost or injured.

### Report:

The student volunteers from Prayaas, the NSS club and Rotaract club of JIMS Kalkaji in collaboration with Rotaract Resilience conducted a dog collaring event in Saket. Through the collaborative efforts of volunteers and community members, a significant number of dogs were successfully collared during the drive. The reflector collars provided a simple yet effective solution to enhance the visibility of dogs and reduce the risk of accidents, such as collisions with vehicles or getting lost in the dark.

### Learning Outcome:

The dog collaring drive was a successful initiative aimed at improving the safety of dogs in our community. Continued efforts in promoting responsible pet ownership and implementing safety measures are essential to creating a safer environment for dogs and fostering a more compassionate community.

## Report on "PROJECT MATKA"

Event Category	:NSS
Topic	:Project Matka
Date	:27 May 2024
Faculty Coordinator	: Dr. Preeti Singh & Mr. Kartik Dayal
Number of Student Volunteers	:03

### Objective:

The aim is to install earthen water pots at different places to provide clean and cool drinking water to everyone, especially those working tirelessly outdoors throughout the day. It promotes health and well-being during the scorching summer months.

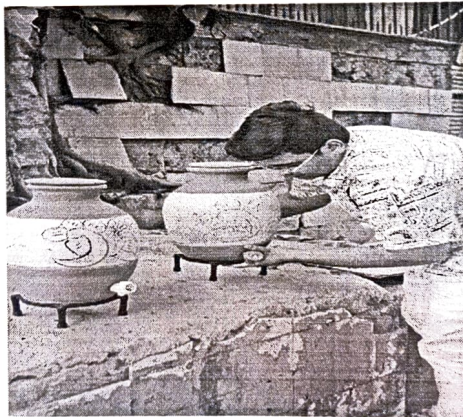

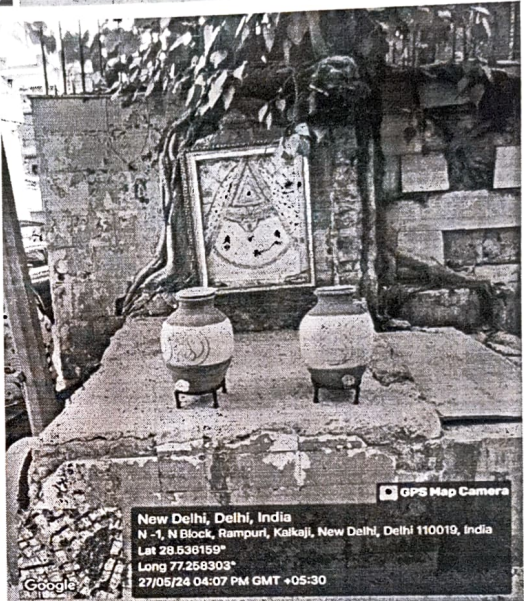

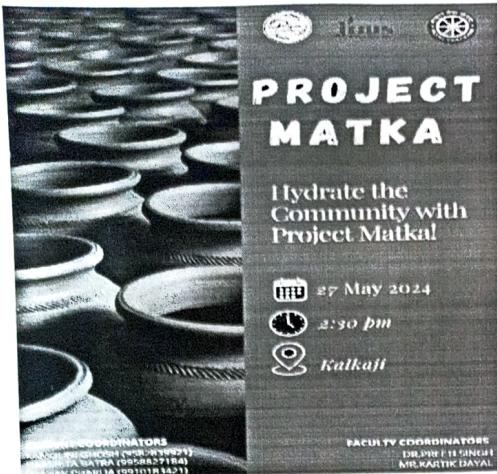

### Report:

Prayaas the NSS club of JIMS Kalkaji in collaboration with Deshbandhu College organized an earthen water pots installation program named "Project Matka" at different places in South Delhi to provide accessible cool and hygienic drinking water to everyone, particularly those who spend extended periods outdoors, such as laborers, street vendors, commuters, etc. Students volunteers went to different places and installed a total of 6 earthen water pots (2 at Deshbandhu College, 2 in a locality and 2 near temple). By providing access to cool and clean drinking water, it helps to mitigate the risks associated with extreme heat, such as dehydration and heatstroke.

### Learning Outcome:

- Through this project, volunteers gained a deeper understanding of the challenges faced by outdoor workers during extreme weather conditions and the importance of providing basic necessities like clean water.
- Volunteers developed a heightened sense of social responsibility and empathy, understanding the role they can play in addressing societal issues. Also the use of earthen water pots emphasized eco-friendly practices and sustainable solutions to common problems, promoting environmental consciousness among the volunteers.
