Management Development Programme

Event Name: Management Development Programme on Emotional Intelligence and Soft Skills.

Date: 15th November,

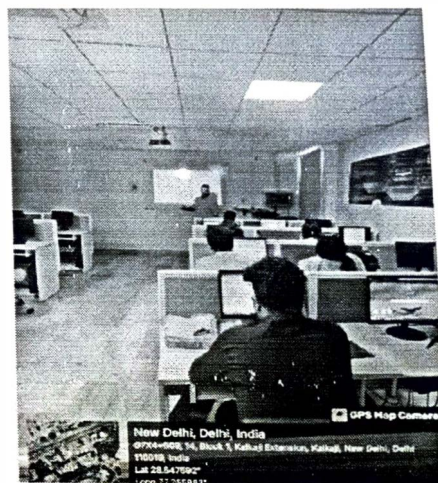

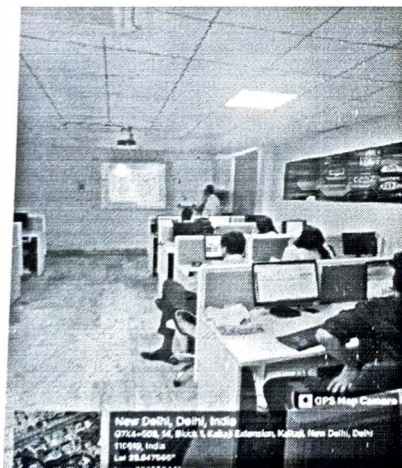

No. of Attendees: 30 students

Faculty Coordinators: Ms. Pooja Bisht

Learning Objectives: To learn about Emotional Intelligence and Soft Skills

Event Report: A session was organised at Jagannath International Management School, Kalkaji for the Students of Bcom(H) and BBA in collaboration with BO International. Emotional intelligence and soft skills are critical components of personal and professional success, especially for students preparing to enter the workforce. Emotional intelligence (EI) involves the ability to recognize, understand, and manage one's own emotions, as well as the emotions of others. It plays a vital role in effective communication, teamwork, and conflict resolution. Soft skills, which encompass EI, include abilities such as empathy, adaptability, problem-solving, and interpersonal communication. These skills are increasingly valued by employers as they contribute to a positive workplace environment and enhance leadership potential. Developing emotional intelligence and soft skills can improve relationships, foster collaboration, and increase overall job performance. For students, honing these skills through self-awareness, active listening, and continuous feedback can provide a significant advantage in both academic and professional settings.
