Date: 2nd Sep. 2019

NOTICE – 103(A)/1324/DIR/2019

Guidelines for Ban of Plastic Use

Dear All,

Plastic pollution is currently one of the biggest environmental concerns. The short-term benefits and convenience of plastic and plastic goods have led to a boom in the production and consumption of plastic. Over the past century, excess-consumption of plastic has surpassed management of plastic waste and led it to become a scourge to the planet. Plastic is a menace that impacts not the environment as well as our health and wellbeing. We have all contributed to this problem, knowingly and unknowingly and we must work to reduce and eliminate plastic pollution. We at JIMS have decided to ban single use plastic in our campus.

JIMS to carry out awareness drives for sensitizing students on the harmful impact of single use plastic.

- Usage of plastic is immediately stopped in the canteen and institute premises.
- Every student will strive to make his/her household plastic-free.
- During the events no plastic bottles/bags or plastic disposable items should be used.
- Students should try to carry out similar campaigns at the community level.

All need to ensure a plastic free campus.

Regards,

Dr. J.K. Batra

Director
