The JIMS Kalkaji runs the 2 Units of NSS in its Undergraduate Programs of BBA and B.com.(H) . The NSS was introduced with the objective of developing the personality and character of the student youth through voluntary community service. The motto of NSS is “NOT ME, BUT YOU”. PRESIDENT

PRANAV PHARLIA

“The best way to find yourself is to lose yourself in the service of others.”

These words have defined my journey with NSS. From a curious volunteer to now leading Team Prayaas as President, every experience - whether it was a health camp, awareness rally, or donation drive, has shaped me deeply. I've seen how a small effort, when driven by purpose, can spark real change.

NSS taught me that service isn't about grand gestures, it's about showing up with empathy, again and again. Team Prayaas is proof of what's possible when passionate minds come together for a cause bigger than themselves.

Here's to continuing our journey one act of kindness at a time.

PRESIDENT

NAINA GUPTA

"The best way to find yourself is to lose yourself in the service of others."

This quote beautifully sums up my journey with NSS, from being a volunteer to serving as the Head Girl, and now as the President of Team Prayaas. Organizing diverse initiatives during my tenure from health camps and donation drives to awareness campaigns, has given me the opportunity to witness the power of collective action. Each event deepened my sense of responsibility and strengthened my belief that service is not just an act, but a way of life. As President, I feel proud to lead a team driven by empathy and purpose. Team Prayaas is not just about volunteering, it's about creating meaningful change, step by step, heart by heart. To our mentors, volunteers, and supporters - thank you for being the force behind our mission. Together, let's continue to serve with passion and illuminate lives with purpose.

I aim to organize more skill-based workshops, social awareness campaigns, and collaborative drives with other colleges and NGOs. I believe in involving our NSS unit in creative, meaningful, and sustainable projects, ones that create a real impact in the lives of people.

To,
Jagannath International Management School.

Greetings from Child Help Foundation (CHF):

We extend our heartfelt appreciation to Jagannath International Management School (JIMS College) for your continued efforts in promoting awareness-based initiatives within your institution. It was indeed a pleasure to collaborate with your esteemed faculty for the Cyber Security Awareness Session, conducted in alliance with the Delhi Police Cyber Cell.

Your active participation and encouragement towards such meaningful programs truly reflect your commitment to nurturing responsible and informed students. The enthusiasm and engagement of your students made the session a great success.

We look forward to continued collaboration with JIMS College for similar awareness events and social initiatives in the future. Additionally, Child Help Foundation also provides internship opportunities for students, and we would be delighted to partner with your institution for upcoming internship drives as well.

Once again, we sincerely thank you for your valuable support and cooperation. Together, we can continue to create impactful learning experiences and positive social change.
